NSCA®  
GLOBAL CHAPTER  
INDIA

# What is NSCA?

Founded in 1978, The National Strength and Conditioning Association (NSCA), USA is a nonprofit association dedicated to advancing the strength and conditioning and related sport science professions around the world

The NSCA exists to empower a community of professionals to maximize their impact through disseminating evidence-based knowledge and its practical application by offering industry-leading certifications, research journals, career development services, networking opportunities, and continuing education. The NSCA community is composed of more than 60,000 members and certified professionals throughout the world who further industry standards as researchers, educators, strength and conditioning coaches, performance and sport scientists, personal trainers, tactical professionals, and other related roles.

## NSCA Prestige

### NSCA is first

The CSCS and NSCA-CPT were first of their kind to be accredited by the independent National Commission for Certifying Agencies (NCCA).

### NSCA sets the bar high

NSCA certifications are known to be challenging. Athletes and clients cannot achieve their performance potential without a highly knowledgeable and skilled coach or personal trainer.

### NSCA is global

The CSCS and NSCA-CPT certifications are offered worldwide almost 70+ countries.

# NSCA is GLOBAL...

## Upcoming Global Chapters:

- \* Poland
